

## 2013 Winter Weather Fatalities

There were 21 winter storm deaths in 2013, up from 11 in 2012. This number is still below the 10-year average of 25. New York numbered the most fatalities, 7, followed by Texas, 4, and Idaho, 3. The most hazardous place to be in the winter of 2013 again was in a vehicle, where 8 (38%) died. In a change from most years when many more deaths are males than females, the numbers were close in 2013: there were 7 (33%) male victims and 6 (28%) female winter fatalities.
